

PTA is first and foremost an **ADVOCACY** organization.

Children succeed when families, schools, and communities work together.

PTA promotes and supports opportunities for families to effectively participate in their children's lives.

Students achieve when families and teachers partner through PTA to ensure children are safe and healthy.

PTA connects schools and communities to help children reach their full potential.

We urge you to become an E-Advocate and communicate to your legislators the issues that are important to the Florida PTA. Large numbers of emails speak very loud in the Capitol and PTA has enough voices to make a difference! Use the link below to become a child advocate and receive legislative alerts as related to children's issues.
